Registration Application Notes:

Name can be no more than 30 characters long including spaces.

Enter Sex as: B = Bull, C = Cow, S = Steer

Actual birthweight must be taken within 24 hours, otherwise leave blank.

Enter color as either: red, black, gray, red with white or black with white

ET = Embryo Transfer - Sires and dams used in an embryo transplant program must be blood typed or DNA tested with case number on file.

The applicant is the owner of the dam at the time the calf being registered was born.

The breeder is the owner of the dam of the calf being registered at the time the cow was bred. If the breeder is the same as the applicant note that fact on the form and continue.
